Sub: Quotation for Develop online exam web portal
Respected Sir,

As per my meeting with Mr. Yashdeep Chaturvedi sir, please find the following features & rates for developing software for online exam.

We will develop online exam platform with following features: -

- Complete exam data transmission & storage will be secured using SSL.
- We will provide the interface to upload the exam papers.
- User management
- All questions will be in MCQ format.
- Exam is browser based in online mode.
- Registration page
- Payment (UPI based as per discussion) and profile page
- Candidate Panel
- Study material upload and download.
- Time table module for exam scheduling
- Bulk upload module
- Question has: Text and Image
- Online exam panel
- Result panel
- Exam reschedule module (3 times)
- Payment report
- Candidate and exam report
- You can put the Maximum load of 500 users simultaneously on our software.
- Exam software will select Questions from question bank randomly.
- Candidate may login to our portal at any time before exam but exam is visible only at the time when exam starts.
- Technology we used: Angular/ExpressJS/NodeJS/MongoDB/Python
- Automatic certificate generation after passing the exam.
- Certificate has DSC

C-II, Sagar Premium Tower Phase 1,
Near JK Hospital, Kolar Road,
Bhopal (M.P.), 462042

- Add Course Module.
- Add DSC
- Notification Module
