CYBER LAW PIONEERS PVT. LTD.

Plot no. C 203, 3rd Floor, M.P. Nagar Zone 2, Bhopal, Madhya Pradesh

ABOUT CYBER LAW PIONEERS

The Cyber Law Pioneers Pvt. Ltd. (CLP) was established in December 2019 by Founder and Director Mr. Yashdeep Chaturvedi at Bhopal, Madhya Pradesh. We as an organization focuses on cyber education, cyber law, intellectual property rights (IPR), and cyber security solutions and actively hosts awareness programs, seminars, and discussions related to cyber issues. Our mission is to promote a safer cyberspace by addressing both technical and legal aspects. Our efforts extend to areas such as internet banking disputes, mobile phone crimes, domain name disputes, and more. A collective group of experts, including pioneers in cyber law, forensics, and cyber security, have played a crucial role in enhancing cyber security, protect digital assets, and create awareness about cyber threats. The training we organize with our Experts has consistently produced very high-caliber research. Experts has made contributions to prestigious journals, articles which exemplify their scholarly excellence and domain expertise. Our demanding academic standards and supportive learning environment give students a platform to reach to the fullest of their potential and advance in their areas of interest and passion.

ABOUT THE COURSE

This course is designed in a manner that students will acquire comprehensive understanding of the significant aspects of this new justice code. The course is divided into two Modules. First Module, will be dealing with all the new legislations; from the previous legislation to the current legislation to be implemented on **July 01, 2024**. It will introduce the purpose of the Bhartiya Nyaya Sanhita, 2023; Bhartiya Nagrik Suraksha Sanhita, 2023; Bhartiya Sakhya Adhiniyam 2023 which includes repealing colonial laws and streamlining provisions related to offences and penalties. The course will include overview, major differences, deletion of old provision, newly added provision and with respect to electronic record, increasing fine and punishments etc. And the Second Module will be dealing with the Cybercrime investigation, Applicability and Admissibility of electronic evidence and the Cyber Frauds. The modus operandi and status quo of electronic evidence is also included in the course by the way of Information Technology Act, 2000 will be dealt under the course programme. Enrolling in this course offers students a comprehensive grasp of legal reforms, societal implications, and the dynamic landscape of criminal law in India. It equips them to actively engage in legal discussions and practical applications. By studying this course, students gain insights into the intersection of Cyber Security and the Law. This knowledge empowers them to address legal issues related to cyber security effectively.

OBJECTIVES

- To understand the reason for upcoming of new legislation and their key changes as paradigm shift in India's criminal justice system.
- To study and understand the reforms made after acknowledging the bedrocks of the Indian Penal Code, Code of Criminal Procedure, and Code of Civil Procedure.

- To understand the provision relating to electronic record in Bhartiya Nyaya Sanhita, 2023; Bhartiya Nagrik Suraksha Sanhita, 2023; Bhartiya Sakhya Adhiniyam 2023 and its operations.
- To observe and verify the applicability of electronic evidence under Information Technology Act, 2000 or any other legislation.
- To provide vivid knowledge of cybercrime investigation, cyber offences about different aspects to be used as electronic record with its applicability.
- To enable the students to overcome cyber frauds and know the provisions of Cyber Contraventions leading to Adjudication.
